Dear Ms. Walsh:

Based on the recent submission of “make-up” 2003 nitrate and nitrite chemical samples and submission of proof of public notice, DES has determined that the violations noted in Letter of Deficiency #WSEB 04-034, dated March 17, 2004, have been corrected. We appreciate your cooperation in resolving this matter.

Please be sure to submit the required 2004 nitrate sample during the third quarter (July – September) of this year.

If you have any questions, please contact me by phone at (603) 271-2854, or by e-mail at aleach@des.state.nh.us.

Sincerely,

Alan Leach
